Hi Lisa,

Can I punt this to you as PIO? Or would you rather I take a stab at it?

Joyel

Joyel R. Dhieux

Federal On-Scene Coordinator

U.S. Environmental Protection Agency

Ph: 303-312-6647

How is it that the water supply continues to be contaminated when we supposedly have protections in place? Did this have anything to do with fracking or other methods of acquiring oil or other minerals?

Also, will the water in Denver or other surrounding areas be affected?
